

## Our Wonderful World, Our Wonderful Town.

Y3 Leading Question – What are the environmental threats to life in the Caribbean? This topic runs over terms 3 and 4.

In this project, year 3 will be looking at life in the Caribbean islands of Trinidad and Tobago. We will be looking at the human and physical features of these islands as well as the natural habitat and exploring the effects of climate change, rising sea levels and other threats to this environment.

### Geography

Human and physical features of the Caribbean and the UK, exploring the similarities and differences between these two parts of the world.

### Science

Functions of parts of a plant  
What plants need to live  
Life cycle of flowering plants  
Human skeletons and muscles and healthy eating.

### Art

Arts Week – we will be learning techniques of sculpture using recyclable materials to create a Caribbean box environment.

### RE Week

Christianity  
Islam

### English

Fiction – Adventure/Portal story – The Place of Moon and Stars  
Non-Fiction – Explanation – Why is the Pipile bird at risk of extinction?  
Poetry

### Maths

Fractions: unit and non-unit fractions, equivalence  
Addition and subtraction – written methods

### PE

Yoga  
Hockey  
Dance  
Tennis

### PSHE

Dreams and goals  
Healthy me

### Computing

Branching databases

### French

'I can ...'

### Music Charanga –

using the song Three Little Birds, singing, composing and playing music.
