

READING IN KEY STAGE 2

Reading Recommendations

Reading recommendation from pupils in Year 6. Each child chooses a favourite book; reads an extract from the book; and explains to the class why they enjoyed the book so much.

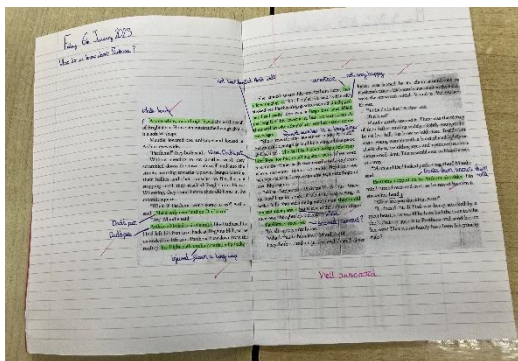

Magpie Boards

These hold an ever-changing selection of fabulous words, and their definitions, found in our Just Reading books and our Leading Question non-fiction books.

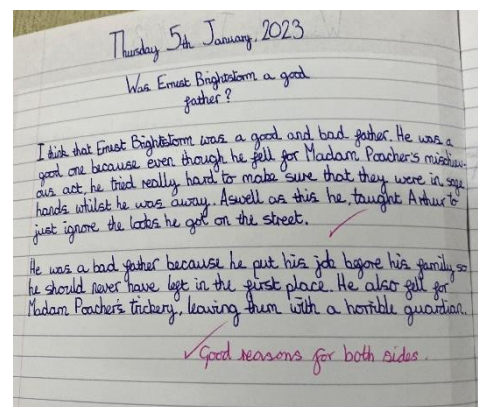

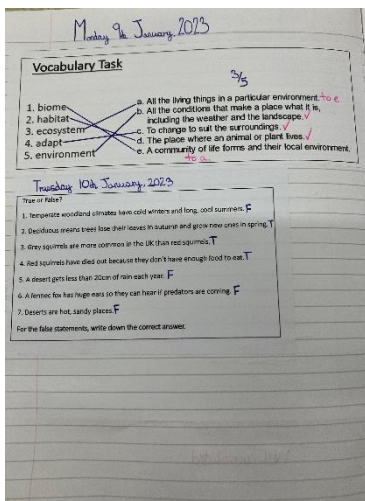

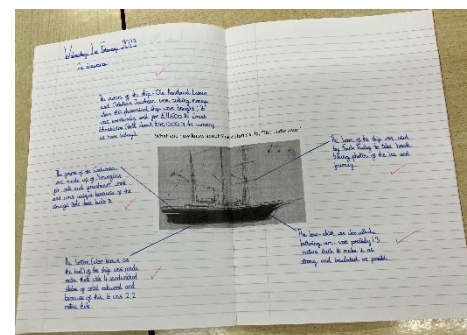

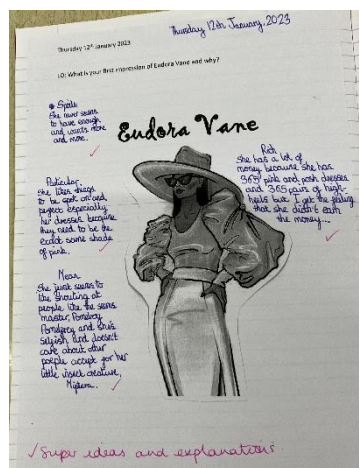

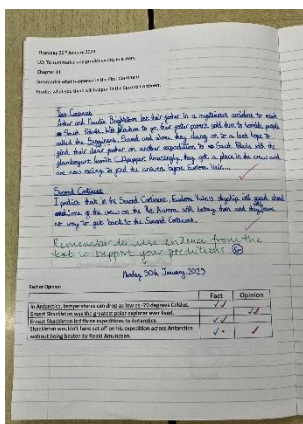

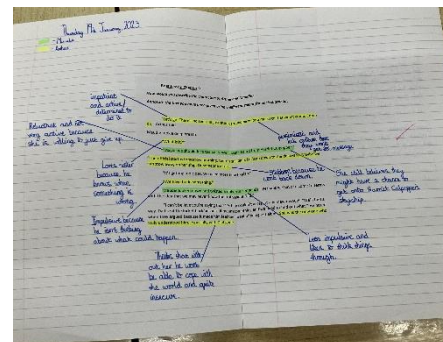

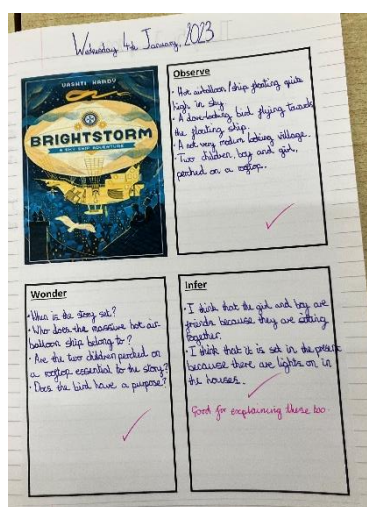

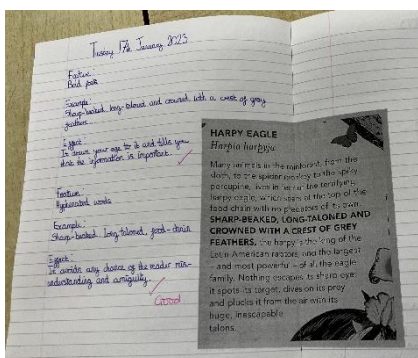

Reading Activities based on our W CTR (Whole-Class Teaching of Reading)

Name of Biome	Cretail		Magway
Description of this biome	Plushes and only shrubines on the edges of lake.	Summery, grassy places, closely to the equator, so very hot.	
Where can this biome be found?	On the edges and around land.	Around or close to the equator.	
Name an animal that lives there.	ht animals that lives here is an unknown.	ht animals that lives here is a valley deer.	
How is this animal adapted to survive in this biome?	They are able to go from water to the lake, gets in, and lived for awhile in so that it doesn't dry out.	They are long legs to walk through the water to find grass, while the long legs to go through the mud to also find grass.	
Interesting fact about this biome.	lands of tetrachia.	The ends of the trees are above the water so that the trees above don't drown.

How is Butcher presented in the first half of Chapter 11?

Butcher only cares about scoring, because in the text it says that he will not really focus about the team and will just score. This shows that he doesn't care about others and is power hungry which means he is just concerned of ~~scoring~~ ^{winning}. Butcher is thin but ~~small~~ ^{scary}, because in the text it says that his ~~parts~~ ^{skin} of his skin that went scored were like twisted wire covered in skin. This means that he is very strong and his muscles are visible however he is quite skilled.

Keeper by Mal Peet
Predictions

- What does Gato see?
I think that Gato sees an old man who can do amazing things with a ball. I think this because it suggests that he gets better at football by going into the forest.
- How did the net and turf get there?
I think that the net and turf got there by a human who loves football. I think this because it would be incredibly hot for an animal to cut the grass to a certain length and put goals on the pitch like area.
*man placed
- Why doesn't Gato play football any more?
I think Gato doesn't play football any more because he can't goal it. Another kids don't pass to him, and he is tall and thin so he gave up.

LO: to understand how the author has used to help make the story about natural forests

THE Natural Forest

The author has used a few tactics to persuade us to care about the Natural Forests, including: because it's a home to creatures, and you can protect it, and you can explore. It's also a fun. The author has used the word 'fun'.
