

Our Wonderful World, Our Wonderful Town.

Y3 Leading Question – What are the environmental threats to life in the Caribbean?

Synopsis and Key experiences- Y3

In this project, year 3 will looking at life in the Caribbean islands with a more detailed look at Trinidad. We will be looking at human and physical features of this island and also learn about the nature on and surrounding it. We will exploring the effects of climate change, rising sea levels and other threats to nature.

Geography

Human and physical features
Position and significance of the tropics.
Climate zones, tsunamis, rising sea levels, natural resources.

Science

Habitats –building on Y2 work and the threats posed to coral reefs in the Caribbean.
Functions of parts of plants, e.g. stem
Learning how water is transported in plants
Learning what plants need to live and grow
The life cycle of flowering plants

Art

Arts Week – Turtles and head-dresses
Sculpture

DT

Food tasting

English

Fiction – Adventure/Portal story – The Place of Moon and Stars
Non-Fiction – Explanation – Why do creatures go extinct?
Poetry

Maths

- Fractions (comparing, ordering and finding equivalent fractions)
- Addition and subtraction (formal written methods)

PE

- Dance
- Gymnastics
- Football

PSHE – Jigsaw
Dreams and Goals.

Computing

- Touch typing
- Using the internet to safely search and inform

Music –

Charanga
Three Little Birds
Drumming
