

Forest School Resources

Hello,

I'm Ms Williams the new Forest school leader, during the course of the year all classes will be coming outside for 6 Forest School sessions... but we need some help! I would like to create some imaginative and physical play zones within the area so we need some resources.

If you have any of the following going spare please can you send them into school, I will place a box in the forest area (just by the entrance) to place them into.

- Small metal cars, trucks, vehicles.
- Drain pipes either full tubes or half circles
- Watering cans
- Ceramic flower pots
- Metal pots, pans and utensils (not broken/sharp edges)
- Pine cones and conkers if you collect any on walks!
- Pieces of tarpaulin big enough to make a small den
- Any ropes, long, short, thick, thin, plastic, natural.
- Old metal keys
- Any plastic tubs or boxes that I can use for storage (no broken ones please!)

Thank you!

Ms Williams
